Certificate of Completion March 2023
STI College Dasmariñas

Experience

- **Backend Web Development**
Freelance Oct 2024 - Dec 2024
Built the backend for an web offerwall API to handle data and user interactions. Created features to add, edit, and manage dashboard content. Developed a real-time messaging system for instant communication.
- **Frontend Web Development**
Freelance April 2024
Created a user-friendly proxy web dashboard using HTML, CSS, and JavaScript. Designed an interface that makes it easy to manage proxies and view performance details. Ensured the dashboard works smoothly on different devices and browsers.
- **Backend Mobile Development**
Freelance 2023
Used C# to create backend features for managing data with options to add, view, update, and delete. Made sure the system runs smoothly and handles information efficiently. Focused on simple and reliable solutions.
